Garment Care

WASHING

Wash garment inside-out in coldwater with similar colors using a gentle wash cycle.

NO-NO

Avoid using bleach and do not dry clean.

IRONING

If ironing is necessary, iron the garment inside-out on the lowest setting.

DRYING

Tumble dry low or hang-dry the garment

With our printing technology the shirt must be sprayed with a natural, safe, non-toxic solution to ensure color vibrance and durability of the printed design. Not to worry! It is harmless!
